INCREASED DIGITAL REACH

When taking out your advert in print, you automatically receive additional reach through our digital channels – at no further cost!
This way you also reach interested people who use digital offers for reading as an alternative to the print edition and the classic newspaper sales at the kiosk.

DIGITAL DISTRIBUTION THROUGH THE PUBLISHER'S OWN CHANNELS

Digital subscription

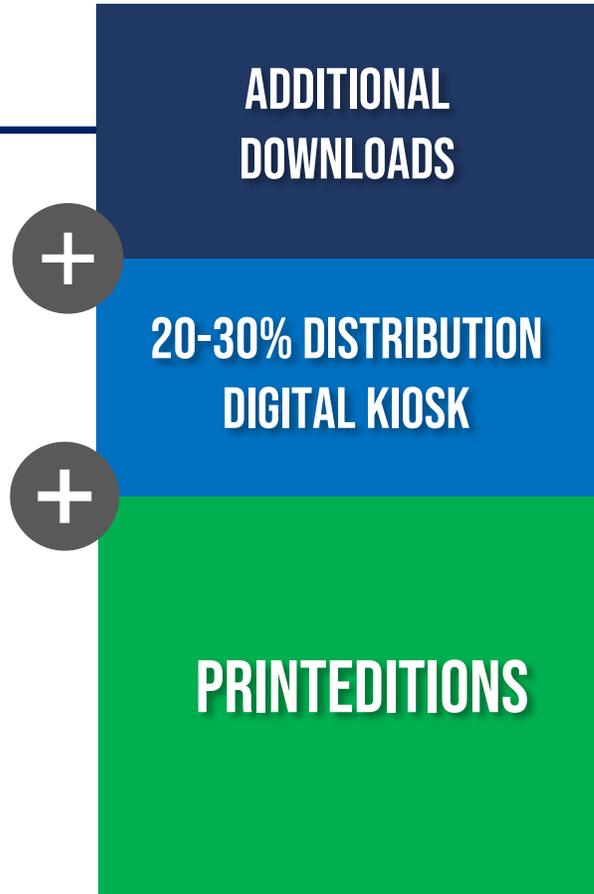

Our magazines are available as a subscription in digital PDF format instead of in print directly from the publisher, and are therefore read with regularity.

Individual digital sales

All magazines are available through our shop as digital versions – even if they are no longer available for sale at the kiosk.

Digital downloads

Special editions above all are regularly offered for download. We use our editorial newsletter, large-scale cooperations with industry partners (e.g., Caravan Salon Club, trade fairs, online shops etc.) as well as campaigns on Facebook and Instagram to generate additional readers for our digital editions – especially with regard to new segments of the target group.

DISTRIBUTION THROUGH "DIGITAL KIOSKS"

Readly is an internet service for which readers pay a monthly fee and in return are able to read e-paper editions of many different publications – the same as a digital kiosk with a flat rate. All magazines are also made available in our Readly channel, where many subscribers also read them.

United Kiosk is an online supplier offering both digital subscriptions as well as individual editions for sale. All our magazines are available here as digital versions.

GEWINNEN SIE UNSEREN NEUEN STELLPLATZFÖHRER GRATIS ÜBERNACHTEN

Deutschland, Reiseland Nummer eins. Das zeigt sich unter anderem an dem Netz der Reisemobilstellplätze, das immer dichter wird. Der Grund: Viele Städte und Gemeinden haben den wirtschaftlichen Wert der Reisemobilisten als nicht gerade unvernünftige Urlaubergruppe erkannt. Damit sie zu ihnen kommen, richten sie Übernachtungsplätze ein - manche sogar gebührenfrei, allenfalls der Service kostet etwas.

Um die geht es hier: Dieser kompakte Führer nennt Ihnen eine Auswahl von 324 solcher Gratis-Stellplätze. Sie erfahren alles Wissenswerte - Kontaktadresse und Ausstattung, Sehenswertes und Freizeittipps - für den jeweiligen Ort. Damit Sie sich wohlfühlen und etwas erleben. Obendrein eignet sich dieser Stellplatzführer für Urlauber, die - etwa auf der Durchreise - nicht gern auf Rastplätzen der Autobahnen übernachten. Die Redaktion nennt für einen Großteil der Plätze die Entfernung zur Autobahn bis 15 Kilometer - eine zumutbare Distanz, wie wir finden. Außerdem erfahren Sie auf einen Blick, ob Sie vor Ort in den Genuss von Gratis-WLAN kommen.

Tatsächlich: Mit diesen Informationen reisen Sie kostengünstig. Ihre Urlaubskasse steht Ihnen dann für andere Dinge zur Verfügung. Davon haben die gastgebenden Gemeinden etwas. So hat jeder der Beteiligten einen Anteil daran, wenn Sie gebührenfrei auf einem Stellplatz übernachten. Ich wünsche Ihnen allezeit gute Fahrt, viel Spaß auf Ihren Reisen - und bleiben Sie gesund.

GEWINNEN SIE: 3x1 Stellplatzführer Gratis Übernachten

WEBSEITE – ADVERTORIAL

The online advertorial on www.reisemobil-international.de is similar to an article written by an editor. Readers therefore tend to perceive the content to be information. Catchy headlines and fascinating images can gain high figures of attention.

The online advertorial is a winner when it comes to different creative opportunities. There is almost no product you cannot present in an exciting way and you can also explain any content that is not easily understandable. Present new series of models or a comprehensive portfolio in image galleries, explain technical content in a video, offer further information for download...

Ongoing presence

Online advertorials remain permanently available on our website, are found by search engines and are thematically integrated into the menu navigation. The advertising format is NOT filtered out by ad blockers.

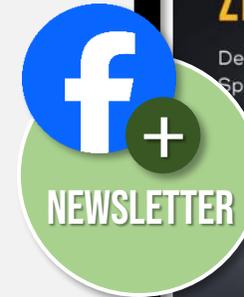

Additional reach

For every online advertorial, we also publish a teaser on **Facebook** and in the **newsletter**. Right at the start of the campaign, a **teaser is also placed on the home page of the website** for one week. These actions increase the traffic for your online advertorial and are already included in the fee. In addition, you can use our different newsletters to book further reach at a very reasonable combined fee.

NEWSLETTER ADVERTORIALS

The best way to present new products is with a newsletter advertorial. Due to the editorial design, it is indistinguishable from editorial information at first glance despite the mandatory labeling with the word "advertisement" and is clicked on just as often. It is important that the headline and text immediately arouse interest. You supply the text and photo, we take care of the layout.

TECHNICAL INFORMATION PRINT

PRINT

Colour advertisements: European Scale DIN 16539. If the primary colour black is not used in the colour advertisements, this does not affect the cost calculation. Special colours or shades which cannot be created out of the basic colour range will be separately calculated (details given on request). Slight variations in shade may occur within normal tolerances of the printing process. Discounts are given on additional colours.

Advertisement types: Differences are made between print space ads and trimmed ads (or also bleed advertisements and trimmed). Print space ads do not come in contact with the edges of the page, but are placed in varying size within the print space. Trimmed ads on the other hand touch one or more edges of a page and therefore need 5 mm on all sides for trimming. This is technically defined due to the fact that the magazine is trimmed to its final size after the printing process is complete.

Print space ads: For all advertisement sizes please see the table to the respective format specification. When designing your advertisement you may use your preferred size to its full extent. Don't add bleed space.

Trimmed ads: An additional 5 mm should be added to each side of a trimmed ad, whether it touches an edge or the binding. This is to compensate for the trimming process. Important contents should be kept 10 mm away from the trimming edge. If you wish to use the same advertisement in several different magazines (they generally have slight variations in sizes), then the smallest advertisement size for the magazine in question is applicable to the size of your ad.

Bleed ads: Ads that run through double pages must have a special layout. The visual restriction arises due to the bend in the magazine at the binding: a section of the motif is absorbed into the binding. This must be taken into consideration when designing and choosing the layout of your advertisement.

It is very important to remember that there has to be a 3 mm repetition of the motif (motif overlap) per page, i. e. if there is the possibility that a picture runs through the binding, it has to be placed 3 mm away from the binding, while at the same time leaving no white edge along the inside edge. In addition to this, the usual 5 mm trimming edge must also remain the same.

Text that runs through the binding must also be separated by 3 mm along the inside edge. Both sides of a double page advertisement must be sent as single pages. Please remember that all other relevant ad components must be placed 10 mm away from binding and the edges.

You will appreciate that the publisher cannot and may not correct sent data without authority. If you wish to use the same advertisement in several different magazines (they generally have slight variations in sizes), then the smallest advertisement size for the magazine in question is applicable to the size of your ad.
